Washington State Department of Transportation (WSDOT) Qualified Products List (QPL) - Submittal Application Form

Effective January 1, 2017 the Department will only process applications with pre-assigned QPL numbers that are accompanied by an initial payment, by check, of \$250. This will cover the cost to determine what will be required for evaluation of the Product. Once this process is complete, an initial evaluation package will be sent to the applicant. This package will include a request for additional documentation, submittals, and payment as necessary to cover the cost of the full evaluation. If it is determined that WSDOT does not have an established specification for your product type, your application will be forwarded to the New Products section.

Please reference your product and manufacturer's name on your check for tracking purposes along with this application when submitting.

Submit Payment and Application to: WSDOT Materials Laboratory, 1655 S. Second Ave. SW, Tumwater, WA 98512-6951, Attn: QPL Engineer, QPLXXXXXXX

Payment may also be made using WSDOT's Materials Evaluation Program, which is accessible via the internet through Secure Access Washington (SAW) at https://secureaccess.wa.gov. For online payment instructions, please visit http://www.wsdot.wa.gov/Business/Materials-Evaluation-Program.htm.

Product Description

Product Name:	
Product Type (Make and Model):	
WSDOT Specification(s) that this product meets and under which it will be evaluated:	

Recycled Concrete Aggregate

If submitting for Recycled Concrete Aggregate, under WSDOT Standard Specification 9-03.21(1)B, please select which level of approval your facility is seeking.			
Tier 1: Baseline approval of materials with intended uses not requiring WSDOT ASA			
Approval. Approval is for the following aggregate materials:			
9-03.1 Coarse Aggregates for Commercial Concrete			
9-03.10 Aggregate for Gravel Base			
9-03.12(1)B Gravel Backfill for Foundations Class B			
9-03.12(2) Gravel Backfill for Walls			
9-03.12(3) Gravel Backfill for Pipe Zone Bedding			
9-03.14(1) Gravel Borrow			
9-03.14(2) Select Borrow			
9-03.14(2) Select Borrow (greater than 3 feet below subgrade and side slope)			
9-03.14(3) Common Borrow			
9-03.14(3) Common Borrow (greater than 3 feet below subgrade and side slope)			
9-03.17 Foundation Material Class A and Class B			
9-03.18 Foundation Materials Class C			
9-03.19 Bank Run Gravel for Trench Backfill
