BIDDER INFORMATION

Part 1

IFB SCHEDULE

WSF has filed a request for a prequalification WAC rule revision to promote competition for this Contract (see below). Accordingly, the IFB Schedule has been revised to incorporate a revision to the Bid Due Date (see below). Subsequent dates have been adjusted accordingly.

BIDDER INSTRUCTIONS

BID DUE DATE

Section 2

Page 2, line 4. Revise the Bid Due Date to read as follows:

“The closing date for receipt of the bid is 11:00 a.m. on Thursday, June 15, 2023.”

The Bid Due Date revision herein supersedes and replaces the former Bid Due Date wherever specified in the IFB package.

PREQUALIFICATION

Section 3

Pursuant to the prequalification notice provided in IFB Addendum No. 1, WSF filed revisions to Washington Administrative Code (WAC) 468-310-020 and 468-310-050 to modify the prequalification requirements for this Contract and two other WSF projects (Jumbo Mark II Class Ferries Hybrid-Electric Propulsion System Upgrade Contract No. 00-9955, and the Hybrid-Electric Olympic Class Ferries Contract(s), the latter of which is in development for an upcoming competitive solicitation). The WAC rule revisions promote the competitive process by increasing the number of potential bidders / proposers and thereby maximize competition. The WAC rule revisions became effective upon filing on May 9, 2023. Copies of the rule submittal form (CR 103E) and the complete text of the WAC rules, with revisions shown, are enclosed herewith and incorporated herein (document numbers 001 and 002).

Accordingly, as previously advised in the IFB Bidder Instructions, as amended, prospective bidders must submit, unless already on file at WSF (see below):

1. A Standard Prequalification Questionnaire and Financial Statement; and
2. Financial Statements per the prequalification rule revisions described herein and WAC 468-310-020(10) and WAC 468-310-050(10), as amended. The Financial Statements may be audited or reviewed Financial Statements for at least one year in the previous three years, plus annual Financial Statements for two additional years in the previous three years.

There is no change to the form of the existing Standard Prequalification Questionnaire and Financial Statement. Therefore, if a prospective bidder is currently prequalified in classes 81, 83 and 84 for at least the amount (per class) of the intended Total Bid Price for this Contract plus the value of any uncompleted WSF project work in the prospective bidder's shipyard, and the duration of the Certification of Prequalification covers the Bid Due Date for this Contract, then no further action is needed regarding prequalification for this Contract.

If a prospective bidder is not currently prequalified (or pending prequalification review) per the conditions stated in the preceding paragraph, then the prospective bidder must submit a new Standard Prequalification Questionnaire and Financial Statement, plus Financial Statements per the prequalification rule revisions described herein and WAC 468-310-020(10) and WAC 468-310-050(10), as amended. Upon successful review of such documents, WSF will issue a Certification of Prequalification which may be project specific for this Contract.

PREQUALIFICATION
Section 3

Prequalification Due Dates
Section 3.D

Page 6, line 13 -24. Revise the text in subparagraph numbers1 and 2 to read as follows:

1. The Due Date and Time for Submission of the Standard Prequalification information is:

No later than fifteen (15) calendar days prior to the Bid Due Date.

2. The Due Date and Time for Submission of the Special Prequalification information in accordance with Volume I, Part 1, Exhibit A is:

No later than 3:00 p.m. on Friday, May 19, 2023.
